The West Partnership

Scoping for interesting practice related to wellbeing linked to actions on the [West Partnership Regional Improvement Plan 2019 2022](#)

Note of any barriers identified and brief summary of any actions taken to overcome these (in part or in full)	
Any other comments/ information (eg next steps, ways of measuring success)	

Next steps:

1. Discuss this template with your head of centre and your local authority contact to confirm agreement that this template can be submitted.
2. Please complete and return to **your local authority West Partnership Health and Wellbeing representative**
3. Following submission of the template, the West Partnership Health and Wellbeing workstream group will keep this information on file. Currently, the West Partnership is developing approaches to sharing interesting practice. Once this scoping activity has been completed, West Partnership staff will consult establishments who have submitted interesting practice to discuss how such interesting practice good be shared more widely.
